DRIVE! Freshman Pat Yelsik uses a pick by teammate Josh Saylor to spark a fast break.

This year, for the Ashley hoopsters, because of how poorly we played. We was more learning than anything were very inconsistent. Even though we else. The opponents were rough and didn't have the best record we can say we gave it our all, that's all you can ask, you put your heart into what you do!" Heart seemed to be the commodity the Bears had enough of and displayed this not only on the court but when they made an appearance as a team. Cheerleader Terri Kral said, "The boys always supported one another. They won as a team and lost as one." This seems to be the trait of many great teams; add this one to the list.

L. Strnad

TIP OFF! Derek Dawson jumps over a defender to get the tip for the game.
