

THATS ALL FOLKS Matt Schueller, Dave Polash, and Eric Fabus walk back to the dugout after a game. Eric Fabus stated, "We had just had a really good game. We split with Webberville."

C. Prikasky

I GOT IT!!! Catcher Dave Polash snags a wild pitch. Dave and Andy Densmore were this year's catchers.

When thinking of this year's baseball team, one word comes to mind. Young. Also the fact that there were only ten players and only three of them were seniors. With every sports season there are disappointments and victories. The game you should have won, and the game you shouldn't have won, but did. There are some laughs, too. "I'll always remember when Kevin Fabus came in to pitch against Beal City; he had never pitched yet in the season," commented Coach Bob Harnick. Kevin came in, in the fifth inning with two outs and the bases loaded.

Kevin stated, "Bob told me to give them something to hit." Turns out PW hit a grand slam and the game was called.

"I was glad when we beat Morrice. We didn't think we'd win, but we pulled through. The score was 8-6."

This team was a team of fighters. There were lots of close games, like the pre-districts against Pewamo Westphalia. The Bears were ahead until the fifth inning, then some surprise plays and quick moves by the Pewamo team pulled PW one run ahead for the win. The season ended with a loss, but also some gains:

teamwork, dedication, and a win-win attitude were all a part of this year's team's game.
