Good deeds add
to the fun

What happens when you combine a group of motivated students with an encouraging advisor? If you guessed the National Honor Society, you're absolutely correct.

NHS is totally different than any other club or organization. In order to be a member, one must maintain a 3.25 grade point average and display qualities of leadership, service, and character. Throughout the year, these members join their hearts to engage in numerous projects.

"The most significant thing we do as National Honor Society members is to provide a deserving family with a Christmas; we take the responsibility

to raise all of the funds ourselves," stated senior Lisa Strnad.

Advisor, Suzanne Luneack, agreed by adding, "I love sponsoring the Christmas family."

In addition, there are many other events throughout the year that contribute to making the NHS so significant.

"The most special and memorable moment for me was when my older brother, Tony, tapped me into NHS at the awards assembly, stated junior, Valerie Miller." "My heart was beating so fast as I watched him walk back and forth through the bleachers to confuse me."

TIME OUT...Valerie Miller and Lisa Strnad take a break between wrapping gifts and eating dinner to discuss the day's events. "It is such a rewarding feeling to see the look on the children's faces when we deliver the gifts to their homes with our Christmas costumes on," remarked Strnad.

OH, SANTA...Matt Schueller and Terri Kral get into the spirit after wrapping gifts for the NHS sponsored family, sharing a Christmas kiss at Mrs. Luneack's house. "I have always had a thing for old men with white beards," confessed Kral.
