Quiz Team

WHEN AND WHERE Joe Shaw looks over an information sheet to find out who the varsity Quiz Team are competing against at their home meet.

Be Mental

J. Diffin

PRETTY PICTURE Valerie Miller draws a picture on her scratch paper at a quiz team meet. "Usually the questions are pretty hard so I enjoy sitting back and doodling," stated Val.

The quiz team isn't just a bunch of nerds sitting around asking questions, they are a group of highly intelligent people who enjoy broadening their horizons by competing against other intelligent high school students. In the competition they not only learn tons of cool facts that they wouldn't learn otherwise, but they also meet interesting people from all sorts of different schools.

"It's fun competing and meeting new people," stated rookie quiz team member **Jason Mora**, who like all of the other quiz team members, aren't only involved in this unusual extra curricular activity but also like making friends and find enjoyment in losing to all of the other teams.

"One of the reasons I'm a member of quiz team is because we get out of class early," remarked sophomore **James Easlick**. One of the perks of being a member of the quiz team is getting out of school sometimes a whole hour early just so that the team isn't late to the meet.

"I've always enjoyed quiz team. The thing that makes it so great is getting to share a laugh with the people from the other teams, and just plain getting to spend time with friends," reflected senior member **Valerie Miller**.

Quiz team will never be just a quest to see how much knowledge you can cram into your brain; to the people in it, quiz team will always be about good friends and good laughs.
