Competitive is the only word to describe the sophomore class this year. They've taken second place in the float competition since seventh grade, along with taking first place in the fall lip sync.

When asked how they did in the Homecoming competition, class sponsor, **Mrs. Sue Peterson** commented, "Great! How can I expect more!" A

majority of the class participated in the activities for the week of Homecoming and over half of the students helped with the float.

Teamwork also describes this class. "For the most part they are a class that will pull together and work as one," stated **Mrs. Peterson**.
