

# Deter-~~mination~~

Determination. This best describes this year's girls' team. They had their fair share of roadblocks, but they got through them.

"If it weren't for the overwhelming amount of camaraderie shown by our team, I'm not sure if we would've made it through the season," stated **Nicole Ringle**.

This team was faced with more than their share of problems, one being not having enough players for two teams and having to field just one team.

"It was tough making it through the season when the younger players including myself didn't get a lot of playing time, but we have to understand we'll get our turn," commented **Kaylee Beck**.

Another obstacle to overcome was the late season passing of **Rick Brzak** that fell on the date of our last game. **Megan Diffin** put it best when she said, "No ones' heads were in the game; we were all worried for **Sherry Brzak** our coach."

Even though faced with all these problems, the ladies managed to scrape together a winning season. They ended with a record of

6 wins and 4 losses.

Ashleigh Kaufman said, "Our new coach Frank is a really cool person who taught us things that we'll keep with us for the rest of our lives."

When asked if she could change one thing about her season, what would it be? **Angie Turner** said, "If it were up to me I would change the abrupt stoppage of the season. Our season was cut short when the tournaments were cancelled due to the lack of teams participating."

The things that make up a great team are: desire, attitude, determination, and love for the game. This team definitely had the winning recipe.
