

J. Diffin

"I'M SO GLAD," states Valerie Miller, "we're finally done." Principal Gary Schestag and Val enjoy the special moment.

What generation gap?

E. Pingel

"THAT WAS A ROUGH NIGHT!" exclaims Josh Mason. Josh was one of the eight who attended the trip to Canada with Mr. Larsen.

Our Teachers Interact

"THAT WAY" points secretary Mary Gavenda. A Mary Fan Club was formed under president Jennifer Brown partway through the year. "Let them eat cake!" decreed Mary.

Teachers

When the cat is away, the mice will play. Have you ever heard that saying before? Well it's true. While "Head Cat," Mrs. Suzanne Luneack, was away from her room and out participating in the Mary Parade on Secretary's Day, one little class of mice including their teacher Mrs. Marcella Thompson, stayed behind and played with some toilet paper in her room. "I had fun, it's always fun to tease the teachers," stated senior Stacie Deming. "I just saw it as Mrs. Thompson getting even with me for stealing her flowers earlier that day and giving them to Mary," laughed Mrs. Luneack.

While this toilet papering in Mrs. Luneack's room was going on, there was also something very special happening outside. The Mary parade held by the Mary Fan Club was in action and all of secretary's Mary Gavenda's grateful fans were cheering and holding up signs for her to see. Ms. Jennifer Brown escorted Mary in her decorated jeep. The parade let a lot of people express their gratitude to Mary.

So what about the Canadian fishing trips with Mr. Steve Larsen? "Pip the Park Ranger is my favorite memory because he was a nuisance, and a big dork; you'd have to see him," laughed junior Jesse Diffin.
