

# GOOD 'TUDE

*The girls' varsity volleyball team had ups and downs, but win or lose, kept a good attitude all season long.*

**-PATRICK YELSIK**

"We had a good season, but I think we could have done better," commented **Jill Cermak**. This can very well sum up the girls' season. At times they were very sharp, and other times they struggled.

"When we played Vestaburg, we played so good because we had a lot of confidence going into that game," remarked Cermak.

Though the team had its share of bright spots, there were some dark times as well.

"Losing against Mt. Pleasant Sacred Heart was very disappointing because we played poorly and they are our rivals," said **Annette Cermak**.

"The loss against Sacred Heart

was definitely one of our worst games because we just didn't play like we were capable of," stated **Gina Mephram**.

After the girls' stretch of bad luck, they gained valuable momentum as they headed into districts. This momentum proved very helpful to them, as they charged their way into the district finals, where they finally bowed out to Fulton.

Commented **Vicki Gilbert**, "We played our best volleyball during districts because it is such an exciting time. Once you lose, your season is over."

"The last game against Fulton is something that I'll always remember because even though we lost, we played inspired

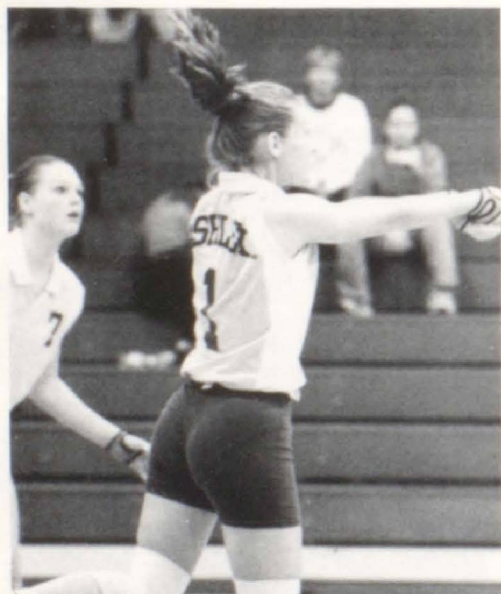

and gave it all we had," remarked Annette Cermak.

No matter how this team was playing, they were having fun, which is what high school sports are all about.

"Playing in all the tournaments were the most fun for me because it was great just hanging out with my teammates," remembered Jill Cermak.

"Winning was great, but just being with my friends is what I'll remember the most," said Gilbert.

Stated Mephram, "We were a very close team, on and off the court. We were all friends, and that proved to be valuable to us."
