

You have the hair, the clothes, and the accessories, but what makes...

The

Look

What is your style? Everyone has their own look and style. "I wear camoflauged once in awhile to be different," **Jason Mora** commented. Imagine a world where everyone dressed exactly alike and everyone's hair and accessories were the exact same. It would be a pretty boring place. However, Ashley is anything but boring. We have lots of different looks from the Jock, the Classic, the Hunter, to the Alternative look.

"I dress the way I do because I don't care if people like me or not. Dressing is important to me because all my life, up

until about tenth grade all I wanted to do was fit in, but I couldn't, the prep style wasn't for me. I just feel better

dressing in torn up baggy stuff! I don't like to conform to anything other than my own style," **Amy Walter** commented.

You don't have to look like the person beside you to look cool. Looking cool is looking like yourself. "I like being my own individual," **Stacy Densmore** said.

Vicki Gilbert

The Classic look that **Casey Jo Fleming** has takes a little more time to obtain.
