DID I MISS A SPOT? Perfectionist **Jerad Wallen** ambitiously nurtures the most important thing in his young life, his Oldsmobile Cutlass convertible. If and when he washes it he takes a long time because he has to go through an entire "Cutlass pampering" routine. For his first prom **Jerad** was more worried about impressing the ladies with his muscle car than with his own good looks. "Prom was worth all the effort I put into it," says **Jerad**.

SMOOTH No stubble for this cleancut cutie, **Troy Adams**. "Shaving is such a hassle. I have to do it so often just to stay smooth. After prom I'm giving up and going for that scruffy and rugged look," confesses sleekly-shaven **Troy Adams**.

MMM, YUMMY! Junior **Lyndsay Goward** tries on a mud mask to rejuvenate her pores. "It was a reprieve from all the pre-prom stress, if you like gunk on your face. It didn't make me any prettier. The best part was the cucumber," says **Lyndsay**.
