# A Romantic Night

**Annette Cermak** described her prom as, "A night full of memories and laughs with Mike, who was my date. It was also a time to relax and have fun."

Girls floated into the hall with beautiful gowns on; some were holding onto hands with their dates, who were each wearing formal tuxes.

The hall was decorated with pink, blue, and clear balloons, along with two archways and a walkway to

match, and it looked perfect. At one end of the hall there was the dance floor where everyone was dancing; at the other end was the photographer, taking pictures of all the couples. In between the dance floor and the photographer were tables set up for couples and friends to

sit and talk, catch a breather, and have a drink or something to eat.

Couples, however, were not the only thing that made prom a special night. Friends shared a lot of moments of laughter together. **Kari Deming** recalled, "I enjoyed being able to go to

prom and hang with my friends before I graduated. I knew that prom would be one of the biggest memories that we would share together as the class of 2001." Prom is something that no one will ever forget.
