When was it made a law that childhood fun stops after you reach adulthood? Never. Many adults say that they can't have fun because they're grown up, but here at AHS that's not true. The teachers like to make education fun by showing students that they still have an inner child who still likes to have fun.

"I like to do unexpected things during the class hour," stated *Mrs. Marilyn Gearhart*. "Like yesterday I skipped around the room singing, 'They're coming to take me to the funny farm ha, ha, hee, hee, ho, ho.'"

Although teachers are strict sometimes, they, too, still know how to have fun.

What if...

Your plane were about to crash and you had time to write one quick note; to whom would you write and what would you say?

"I would write to my mom and dad and tell them I love them and ask them to pass along my love to the rest of the family," stated *Ms. Brandee Brower*.

"I would write to my kids, the rest of my family, and others that I love and tell them I love them and I will miss them and to live their lives to the fullest," commented *Sherry Reichard*.
