

INSPIRE

S. Densmore

HURRY! HURRY! Eighth grader *Lewis Betts* hurriedly ties the balloon that he has just finished blowing up while competing in the balloon-pop race. The eighth grade class tied with the seniors for the overall Twirp Week competition.

The eighth grade class may be very little, containing only 27 dedicated students, but they sure have made a big impact on inspiring the other kids with their talents.

They not only tied with the seniors in winning Twirp Week but they also took the overall championship in Homecoming Week as well.

The inspiration that they bring to the other students is a result of the pride and energy that they bring with them every day to school.

Class sponsor, *Mrs. Sherry Reichard* commented, "I like the way they set their mind on one thing and then they try their hardest to achieve their goal that they are striving for, no matter how big the challenge is."

- Annette Cermak

What if...

You could change one thing in the world right now, what would you alter and why?

"I would change Nation-Wide music. It seems like all new bands are doing everything for money and they all kind of disgust me; what happens when the good bands are gone?" stated *Jason Cooley*.

"I would change the way people treat others because of the way they look or what they wear," commented *Kelsi Mizer*.
