

**I**t started during the summer when the junior high football team started preparing for the season by pumping up in the weight room. This kicked off a memorable season for the team. With a new coach and determination, the team put together two wins, the most for a junior high football team in 21 years. Coach Shaw commented, "In looking at the schedule of big schools we had to play, we were hoping to get a win but were able to have a 2-4 season."

NO PROBLEM *Daniel Walters* goes low to take an *Alma* running back down, as *Matt Elliot*, *Jason Cooley*, and *Louis Betts* watch. Daniel had 15 tackles on the season for the Bears.

# KEEP WINNING!

# WINNING!

The season was one to remember for most of the players, especially the eighth graders. Last season they didn't win a game, and now they will be remembered for winning two games. "My first year of football was awesome; I loved hitting people. The game I will remember is when we smoked Ithaca 20-0," stated Tim Kirkey. The other win of the season came against the St. Louis Sharks.

Tyler Densmore said, "The game against St. Louis was cool because we won our first game 26-0." The season had plenty of things for every player to remember. "I worked hard over the summer for football and I think it paid off. It shows you what determination can do for you," remarked Drew Shaw. This was the mindset for the whole team, which is why they were the best team in 21 years.
