

When we all ran out of the locker room, during our first game, I was running behind *Carrie Long* and she slowed down, I tripped over her foot, and I fell flat on my face; that had to be the worst part of volleyball this year," stated freshman *Nicole Limbert*. On the other hand, sophomore *Ashleigh Kaufmann* commented, "My favorite part of volleyball had to be actually having fun, and being around people who could actually play the game."

TEAM WORK = WINS*

The junior varsity volleyball team overcame a lot of negativity this year and won some games as a team.

CONCENTRATION!!! *Angie Strouse, Kaylee Beck, and Nikki Limbert* work to hit the ball back over the net. Angie completed 71% of her serves and had 27 points this season.

The junior varsity volleyball team had its share of ups and downs this season, but still managed a respectable 5 win and 5 loss campaign. Limbert remarked, "I would only grade the season a C- because nobody could get along. One great thing about the season would have to be when I served all 15 points in the

the second game against Walter French." The Bears beat Walter French, 3 games to 0. Kaufmann commented, "I would have to grade the season a B; there was improvement, but we still gave up in the time of need."

Limbert remarked, "I would like to start the season over. We were so negative, I would like to get rid of the negativity. That negativity really dragged the team down."
