Our Spirit Soars

During Twirp Week

Imagine girls running around with poofy hair, ratted bangs, and off the shoulder shirts. Guys dressed in sweatpants and short shorts. Are we in the 80's again? Nope, it's just 80's Day during Twirp Week.

Kari Worden said, "Spirit is at an all time high during Twirp Week. Every-

body really gets into the fun and games."

Twirp Week gives everyone a chance to show their spirit with the dress up days and relay races. "I think it was a lot of fun. I like to participate in it, and see everyone else do it too," stated junior Tyler Lake.

It's a week that leads up to the one

night and moment everyone is waiting for, the Snowball Dance, where Sara Turner was crowned Snowball Queen. "Not only did I feel like a princess, but it ended like a fairy tale," said Sara.

Twirp Week will always be known as a week of fun and spirit.
