The Memories

Are Made Here

Twenty years from now students will look back and remember not only the memories made in the classroom or on an athletic field, but all the fun times spent together out of school, as well.

"This year our JV basketball team stayed at the Comfort Inn, in Alma. It was a lot of fun. We

went swimming, ate pizza, and stayed up all night talking about basketball and boys," stated freshman *Angela Strouse*.

"I'll never forget the time when we got pulled over at Ferris State University basketball camp for having eighteen girls in a Ford Expedition," reflected *Hillary Gilbert*.

"At the Lugnuts game I won a baseball and was recognized on the big screen," said eighth grader *Kelsi Mizer*, who attended the annual Bug Club trip with the rest of the students who maintained a 3.5 GPA, or brought up their grades.
