Trading Days is a tradition, a time for all students to get involved in the community and have fun.

Events involving teens are a pageant for the girls, 3 on 3 for basketball lovers, a dunk tank for those who want to get back at friends, train rides for people who love to travel, and a street dance

at night, along with fireworks and much, much more.

The Trading Days pageant is the one thing that really kicks off this community event. "I was excited and honored to be chosen as queen," said Gina Mepham.

Along with the pageant, 3 on 3 basketball is another

thing that really gets people pumped up. Jerad Wallen commented, "I liked winning first place for 3 on 3, but I got really sunburned."

Trading Days is a fun thing for everyone in the community and leaves nothing but great memories.
