*"It is amazing that just giving people gifts on Christmas can enrich their lives as well as our own. It's an honor to be part of such a miracle."*

*-Katie Beck*

What do you get when you put five students together who are very responsible, caring, and have at least a 3.25 grade point average? NATIONAL HONOR SOCIETY. The National Honor Society has been at Ashley for many years. Every year the NHS has a bowl-a-thon to raise money. They use this money to provide a nice Christmas for a family they choose to adopt.
