

Student Council

The student council advisor reings were passed along to **Ms. Sherry Reichard** this year. It proved to be a challenging task and the students worked very hard to make this years' events a success. Student council ran our homecoming events and activities this year and they worked on trying to make some improvements around the school. This year was quite a learning experience for everyone and next year should run a lot smoother.

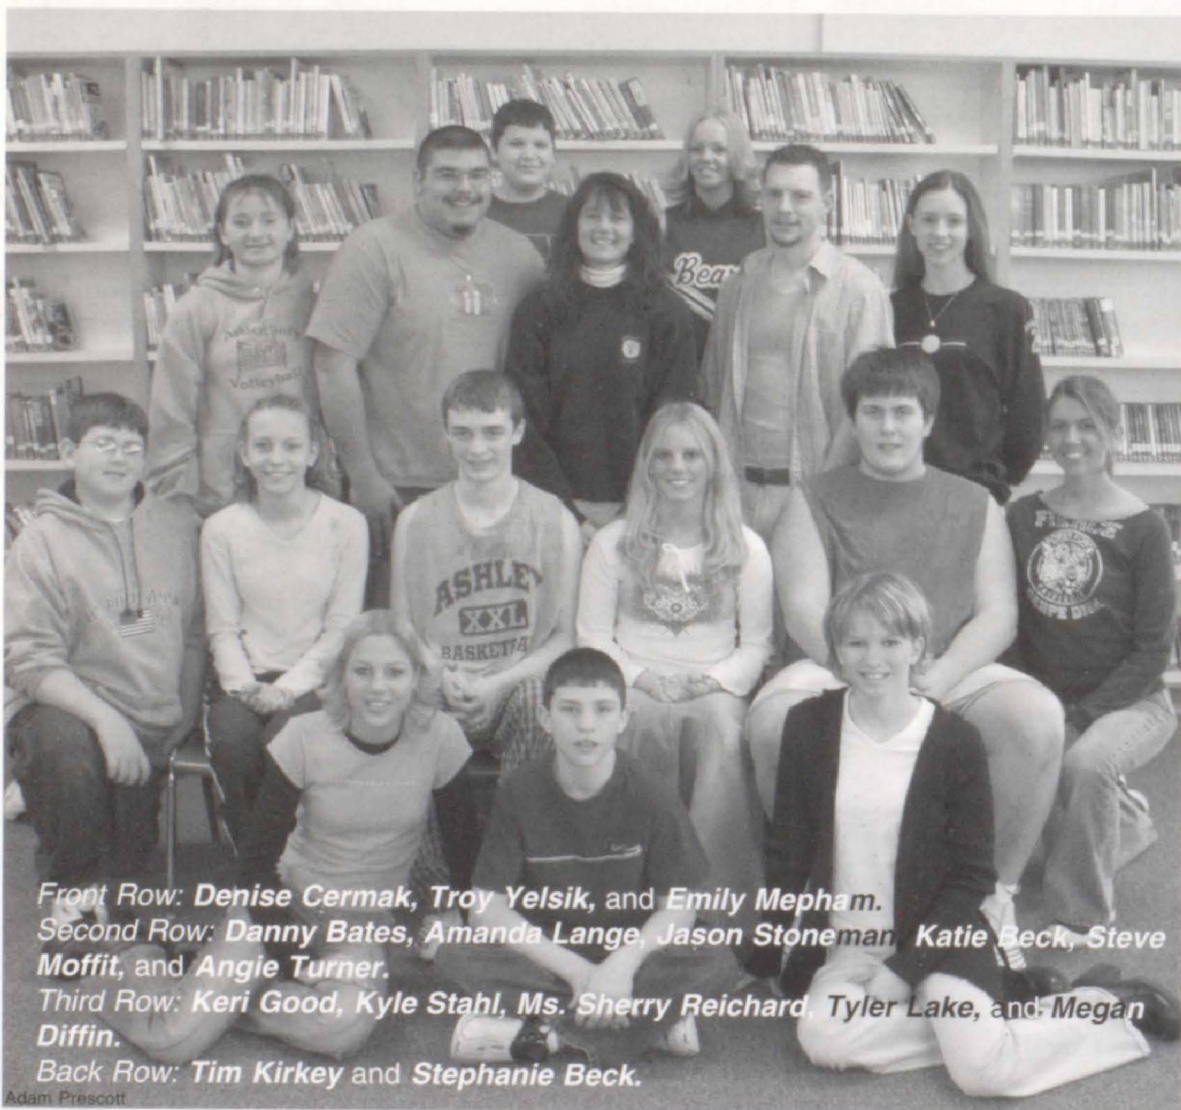

"Being a new advisor for student council, the only thing that made it go smoothly was the fact that I had such great kids to work with."

-Ms. Sherry Reichard

Katie Beck, one of the student council co-presidents, is very dedicated to making the school lives of all the students fun and very worthwhile.
