

Dedication

Chuck Prikasky

Who is that man behind the camera? That is a common question asked by many fans at the Ashley High School sporting events and other activities. By now, most people know who he is, but for those of you who don't know, he is Chuck Prikasky. For many years now, Chuck has been blessing us with his talents. There's no telling where the *Bear Tracks* yearbook would be without his impressive photography.

This year, the Ashley High School Yearbook Staff is dedicating the 2003-2004 yearbook to Chuck and his many talents. All the dedication and hard work he puts into taking countless pictures of the important activities and events here at the school are greatly appreciated.

If you stop and look at any of our local papers or yearbooks from the past, you will see just how big of an input Chuck really has. Almost any sporting picture that you see in Gratiot County has been provided by the master himself, Mr. Chuck Prikasky. We would all like to thank you for all of your service to the Ashley Community in the past and in years to come!
