

Language Arts

I'm busy • *Abi Evans* is busy writing a paper for Mr. Melville. She isn't too thrilled about being interrupted.

It's permanent! • *Nathaniel Sperling* wonders where his pencil went again. Darn thing, just keeps disappearing. Ms. Reichard doesn't know what to do with this one. We suggest invasive pencil-removing surgery.

Excuse me ... • *Brianna Koppleberger* flashes a funny look up to camera. Jeez Bri, get back to work!

Is that a love note? • *Justin Pulley* tries to pass of a note to *Jessica Campbell*. You didn't fool us with the paper airplane disguise.

Mmm ... Lunch • *Kalya Beracy* zones out during Ms. Reichards English class.

School rocks! • *John Gordon* always has a smile on his face. We think he likes school. What does he know that the rest of us don't?
