

Dedication

Mrs. Karen Martinez

Words cannot describe how wonderful a person Mrs. Karen Martinez is. She is a caring and thoughtful person that has devoted her life to teaching. The amount of knowledge and information that she possesses is quite amazing to us mere mortals of the history world. She has spent the majority of her life sharing all that she knows with us here at Ashley High School. Who or what ever brought Mrs. Martinez to us - we thank you. AHS wouldn't have been the same without her.

She has now left us for the wonderful life of retirement, but her absence does not mean that we have forgotten her. Mrs. Martinez - you will always be with us here at Ashley. Every episode of Jeopardy we watch or every college test we take - we'll think of you - and all that you have taught us.

As the editor of this book, it was not hard at all to figure out who would get the spotlight on the dedication page. I would like to personally thank Mrs. Martinez for her years of hard work and all that she has taught me. You are the best there ever was. We will never replace you at AHS or in our hearts. Thanks again and enjoy your retirement. See you at Woodstock ...

-Adam, the Journalism Staff, and Everyone at AHS
