

Math Class

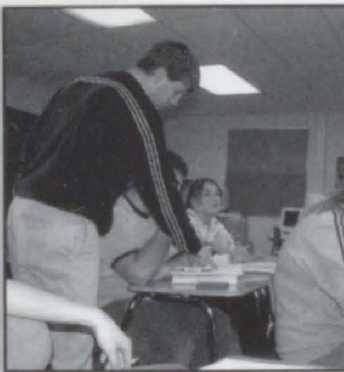

Who says math is boring?

Kyle Kimmel (left) takes a break to act like a waloose during a hard math day.

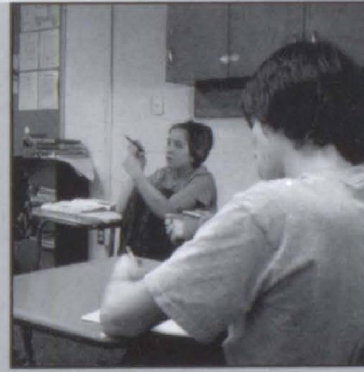

Even teachers have to learn.

Mr. Grollmund uses his free time work on getting the his next college degree.

Genius to Genius.

Daniel Payne and Mr. Grollmund (left) discuss a particularly hard math problem while Liza Gross tries to get some pointers.

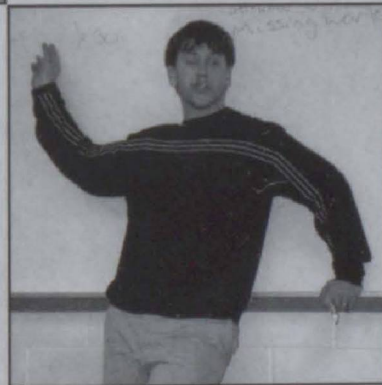

What the...? How do L..? I don't get this.

Amber Good tries to understand Algebra. Stephen West is already deep in his work.

Listen here class!

Mr. Grollmund (right) points out a useful formula to the Algebra II class.

We have this under control.

Kyle Kimmel and Kyle Denmore (right) work hard to finish thier homework on time.
