

ONE BAND, ONE SOUND

Such Focus
Doug Gavenda works hard on a run he had in his music. It doesn't take him long to figure it out.

Looking Puzzled
Devin Slavik and *Mr. Cervini* have a talk about Devin's saxophone. They were pretty upset because every saxophone they tried didn't work properly.

Setting a Beat
Weston Smith focuses on his part very intensely. He always tries his best to get his part down so he doesn't have to look at his music.

Practice Practice Practice
Karah Brown practicing a part of a song she believed she needed to work on. Karah has accomplished many things while being in the band including a trip to Japan.
