

More than Yearbook Staff

The yearbook staff for the 2017-2018 school year was made up of 20 dedicated students who worked individually and as a team to create a unique, 96 page yearbook for the 2018 school year along with their adviser, Mrs. Flowers. Using their journalism skills, they were able to collect stories, data, and images that captured the spirit of the students and staff of Ashley Community Schools. Yearbooks are printed out of State College, PA. The covers are created in Clarksville, TN. Photos were provided by the yearbook staff, DS Studios, Chuck Prikasky, as well as members of the Ashley community who shared their photos with us. The yearbook would not be complete without everyone's contributions.
